**BACKGROUND**

The University District encompasses approximately 770 acres east of downtown Spokane. The District is diverse, covering a broad range of urban environments. Strong community and institutional support over the last 25 years has resulted in infrastructure investments, new educational facilities and programs, and strategic initiatives.

The UDPDA is a quasi-municipal corporation that plans, coordinates, and implements public improvements in partnership with the City of Spokane within the boundaries of the University District Revitalization Area (UDRA), and serves as the vehicle for revitalization financing.

This wayfinding and gateway signage project is a collaborative effort between Spokane County, the City of Spokane, City of Spokane Valley, City of Liberty Lake, West Plains, Downtown Spokane Partnership, Visit Spokane, Washington Department of Transportation, and the Spokane Regional Transportation Council. Businesses, residents, and visitors to this regional area share a transportation network that would greatly benefit from a comprehensive wayfinding system, including signage and gateway features.

This plan establishes the policies, design criteria, graphic standards and site location plan for a multi-destination wayfinding system. The policy and criteria development will serve to establish hierarchies of gateways, destinations, routes, and modes. Graphic standards and sign location guidelines are an additional component of the plan, which will provide guidance to various municipalities as they implement signage and gateway features in their respective jurisdictions. This Plan represents the final phase in the process prior to procurement of sign creation and placement.

The UDPDA allocated an initial amount to pilot a first round of sign fabrication and installation. This RFB is primarily to utilize those initial funds to test the plan and provide an initial demonstration. The RFB has been written in such a way that it should also provide a conduit for procuring additional signage in Downtown and more comprehensively within the University District.

The Contractor shall furnish acceptable Certificates of Insurance (COI) to the UDPDA at the time it returns the signed Contract. The Certificate shall specify the University District Public Development Authority as an “additional insured”, and all of the parties who are additional insured; as well as applicable policy endorsements and the deduction of retention level. Insuring companies or entities are subject to UDPDA acceptance.

12. **Performance Bond.** The Contractor shall furnish, at its sole expense, a performance and payment bond equal to one hundred percent of the Contract price. The bond shall ensure faithful and complete performance of the Contract and payment of all obligations to laborers and material men arising from the Project. The bond shall be executed by a Surety company authorized to do business in Washington state, and shall remain in effect for one year following final acceptance of the Work. Unless approved by the UDPDA, the Surety’s name shall appear on the United States Treasury Department’s list of authorized Sureties, Circular 570. On contracts of $150,000 or less, in lieu of a Surety bond, at the request of the Contractor, the UDPDA may retain ten percent of the Contract price.
13. **Prevailing Wages Local and State Assisted Construction.**
   a. The State prevailing rate of wages to be paid to all workers, laborers or mechanics employed in the performance of any part of this Contract shall be in accordance with the provisions of Chapter 39.12 of the Revised Code of Washington (RCW) and the rules and regulations of the WA State Department of Labor and Industries (L&I).

This Retainage shall be held as a trust fund for the protection of payment: 1) to the State for taxes and fees owed by the Contractor; and 2) of any person, mechanic, or subcontractor or material worker who performs any labor or furnishes any supplies toward the Work. Release of Retainage will be made at a minimum of forty-five days following final acceptance of the Work; provided the following conditions are met:
   a. The UDPDA has received from the Contractor and each subcontractor a copy of the “Statement of Intent to Pay Prevailing Wages” and a “Affidavit of Wages Paid”, approved by L&I.
   b. On contracts greater than $35,000, the Contractor has provided the UDPDA with the necessary releases from the State Departments of Revenue (DOR) and L&I.
   c. No claims, as provided by law, have been filed against the Retainage.

15. **Filing Fees.** The Contractor is responsible for payment of fees related to the approval of 1) “Statement of Intent to Pay Prevailing Wages” and 2) “Affidavit of Wages Paid” and shall make all applications directly to L&I.
